

Telecommunications Consultants India Limited (TCIL) is reportedly negotiating with Saudi Telecom and OmanTel to supply renewable energy solutions to power the operators' tower networks. {K2Splitter} Telecommunications Consultants India Limited (TCIL) is reportedly negotiating with Saudi Telecom and OmanTel to supply renewable energy solutions to power the operators' tower networks.

It is believed that the projects will be executed on a turnkey basis by TCIL Saudi Communications Limited (TSCL), TCIL's offshore joint venture. Further, TCIL is reportedly planning to assist the operators in selecting hybrid power solutions, which may include a combination of renewable energy and grid power.

Also, TCIL would oversee the processes of vendor selection, equipment procurement, commissioning, maintenance and systems integration.
