

Skipper Limited, a Kolkata based power transmission and distribution, telecom and railways structure major has bagged a telecom tower order worth Rs 1.5 billion for installing and upgrading 2,500 telecom towers from Reliance Jio Infocomm Limited (RJIL), American Tower Company (ATC) and Bharti Infratel.

Most of these orders would be adding to the telecom infrastructure of Eastern India.

The company has already set a foothold in the Latin American market as it has secured orders worth USD 5 million (approximately) for telecom towers.

In addition, the company has also been associated with Ramboll, one of the world's leading tower design company in Denmark for serving the telecom tower market in India and overseas.
